

WEIDPLAS Germany GmbH offers at the location Treuen:

Ausbildung zum Fachlagerist (m/w/d)

for the year 2024/2025

TECHNIPLAS is a global supplier of sophisticated plastic components and design-focused, multifunctional surfaces that are primarily for the automotive sector, as well as the industrial, consumer goods, medical and other markets. The company's products follow industry trends like weight reduction and vehicle electrification, innovative operating concepts, high-quality surface finishes, and an increasing focus on convenience and safety.

The Techniplas Group runs 30 sites worldwide with production, sales and / or technology hubs and employs just under 4,000 members of staff. The company serves customers and platforms around the world, focusing on technological expertise and collaboration with customers in the fields of design and engineering. Techniplas has long-term relationships with many of the world's leading automotive and industrial OEMs.

WEIDPLAS Germany GmbH is part of the TECHNIPLAS-group.
